**Re: JSW Steel (USA) Inc. – LEED Average Recycled Content**

To Whom it May Concern:

JSW Steel (USA) Inc. produces steel plates and pipe using purchased steel slabs from several sources. Recycled scrap content varies by supplier. Below table shows average recyclable content being used by our slab suppliers. Please note, this information is a general guideline.

Country of Origin	Recycled Content	Post-Consumer	Post Industrial
Brazil	10%	4%	6%
India	11.5%	-	11.5%
Mexico	8.20%	8.20%	-
Russia	9%	-	9%
South Korea	100%	50%	50%
United Kingdom	17.80%	4.50%	13.30%
USA	65%	32.5%	32.5%

The above numbers are averages and individual heats may vary.

This information shall be updated as required and/or appropriate.

Please contact the JSW Steel USA Health, Safety, and Environmental (HSE) Team should you have any questions regarding the carbon steel products manufactured by JSW Steel USA.

Thank you,

Matthew E. Caprrese  
 Vice President – Engineering & HSE
